

Kavli Institute for Particle Astrophysics and Cosmology
Stanford University
Stanford, CA, 94305-4085

Website: minjielei.github.io
GitHub: github.com/minjielei
LinkedIn: linkedin.com/in/minjielei

Research Interests

3D multiphase ISM structure; Galactic magnetism; CMB foreground; Astrostatistics

Keywords: Interstellar medium (847) — Interstellar magnetic fields(845)— Astrostatistics(1882)

Education

Ph.D., Physics, Stanford University

Sept 2021 – Present

Advisor: Susan Clark

Thesis: Morphological Mapping of the Multiphase, Magnetized ISM

B.Sc., Physics & Math, University of Michigan

Sept 2016 – June 2020

Advisor: James Wells

Thesis: “Probing non-standard neutrino interactions with supernova neutrinos at Hyper-K.”

Publications

In Prep

1. **Minjie Lei** et al., “Polarized Dust Foreground Super-Resolution with Vision Transformer-based Technique, 2025, In prep
2. **Minjie Lei** et al., “Imprints of Neutral Medium Complexity on Polarized Synchrotron Emission and Faraday Rotation: Implications for Galactic Magnetic Field Structure, 2025, In prep

First-Author Publications

1. **Minjie Lei**, S. E. Clark, et al., “Neutral gas phase distribution from HI morphology: phase separation with scattering spectra and variational autoencoders,” 2025, [arXiv:2505.20407](https://arxiv.org/abs/2505.20407), Accepted by ApJ
2. **Minjie Lei**, S. E. Clark, “A New Constraint on the Relative Disorder of Magnetic Fields between Neutral ISM Phases,” [The Astrophysical Journal](https://arxiv.org/abs/2401.00000), vol. 972, no. 1, 2024
3. **Minjie Lei**, S. E. Clark, “Probing the cold neutral medium through HI emission morphology with the scattering transform,” [The Astrophysical Journal](https://arxiv.org/abs/2302.00000), vol. 947, no. 2, 2023

Other Publications

1. **Minjie Lei**, K. V. Tsang, et al., “Implicit Neural Representation as a Differentiable Surrogate for Photon Propagation in a Monolithic Neutrino Detector,” 2022, [arXiv e-prints](https://arxiv.org/abs/2211.01505), [arXiv:2211.01505](https://arxiv.org/abs/2211.01505)
2. **Minjie Lei**, Noah Steinberg, & James D. Wells, “Probing non-standard neutrino interactions with supernova neutrinos at Hyper-K,” 2020, [JHEP](https://arxiv.org/abs/2001.00000), 01, 179
3. **Minjie Lei**, James D. Wells, “Minimally modified A_4 Altarelli-Feruglio model for neutrino masses and mixings and its experimental consequences,” 2020, [Phys. Rev. D](https://arxiv.org/abs/2001.00000), 102 (1), 016023

Honours and Awards

William R. Hewlett Fellowship, Stanford University

2023-2025

James B. Angell Scholar, University of Michigan

2017-2020

University Honors, University of Michigan

2016-2020

Scientific Presentations

Invited Talks	
Oct 2025	Galaxy Seminar ; Flatiron CCA
Sep 2025	Low Density Universe Meeting ; STScI
Sep 2025	SFIR Seminar ; Princeton Astro
May 2025	Astronomy Tea Talk ; Caltech
April 2025	ITC Luncheon ; Harvard CfA
March 2025	Scattering Club ; ENS Paris
Nov 2024	Astronominque Series ; Ciela Institute
March 2024	KIPAC tea ; Stanford University
Jan 2024	Journal Club ; Pan-Experiment Galactic Science Group
February 2023	ISM Seminar ; ENS Paris
Contributed Talks	
Jan, 2026	AAS 247 ; Phoenix, Arizona
July, 2025	Interstellar Institute 7 ; Institut Pascal - Université Paris-Saclay
Feb, 2025	Structure and polarization in the interstellar medium ; Stanford University
Jun. 2024	AAS 244 ; Madison, Wisconsin
July. 2023	Interstellar Institute 6 ; Institut Pascal - Université Paris-Saclay
Dec. 2022	Galactic Science and CMB Foregrounds ; Core to Core CMB Workshop series

Teaching and Mentorship

Teaching Assistantships	
Spring 2024	Computational Physics (Physics 113)
Fall 2023	Stars and Planets in a Habitable Universe (Physics 15)
Winter 2023	Stars and Planets in a Habitable Universe (Physics 15)
Fall 2019	Honors Physics I - Mechanics (Physics 160)
Fall 2018	Physics for the Life Sciences I (Physics 135)
Student Mentorship	
2024-present	Caio Gould , undergraduate at Stanford
2023-2024	Abraar Saleem , Stanford postbac scholar, Stanford KIPAC postbac program
2022-2023	Amritpal Nijjar , undergraduate at UCLA, Stanford PIE Program
2020-2021	Jackie Zhao , High school student, Minds Matter Philadelphia

Service and Outreach

2025	Journal Reviewer : A&A
2025	Booth Leader & Volunteer ; KIPAC Community Day, Stanford University
2025	Local Organizing Committee ; Conference in Honor of Prof. John Dickey, Stanford University
2024	Booth Leader & Volunteer ; STEMfest, Stanford University
2023	Volunteer ; KIPAC Community Day, Stanford University
